SMS Adds Multicurrency Capability to Website

Simply Mail Solutions International customers now have choice of Billing in US\$ and € as well as GBP£

Warrington, UK, Thursday October 15th, 2008. Simply Mail Solutions, the leading email hosting company, has given customers the opportunity to order and have their billing in US Dollars and in Euros.

SMS has customers in over 35 countries including Argentina, Australia, Austria, Belgium, Brazil, Canada, China, Denmark, France, Finland, Germany, Greece, Hong Kong, Iceland, India, Ireland, Italy, Japan, Luxembourg, Malta, Mexico, Monaco, Netherlands, New Zealand, Norway, Portugal, Slovakia, Spain, South Africa, Sweden, Switzerland, Tanzania, USA, UK and Zambia although the great majority of customers are in the UK and USA.

Commented Colin Smith “Obviously, from our results so far, we are a competitive mail hosting company for people around the world but we felt that our potential for growth was being held back by only charging in £Sterling so we have added US \$ and the Euro € and have the capability of adding other currencies later. We do most of our 24/7 support by email but have also added local phone numbers for a number of territories “
